

Appln. No. 09/865,229
Amendment dated July 1, 2003
Reply to Office Action of March 28, 2003

Amendments to the Claims

The listing of claims will replace all prior versions and listing of claims in the application:

Claim1(currently amended) Method for packaging an automobile part for shipment, which comprises the steps of:

- (a) providing a paperboard having a front and a back;
- (b) placing an structural automobile part on the front of said paperboard leaving exposed areas of said front of said paperboard; and
- (c) shrink-wrapping with plastic shrink wrap material said automobile part to said paperboard and said exposed areas of said front of said paperboard.

Claim 2(previously amended) The method of claim 1, wherein said paperboard comprises laminated plies of paperboard.

13
Claim3(currently amended) The method of claim 1, wherein said structural automobile part is composed of material selected from the group consisting of metal, composite, glass or combinations thereof.

Claim4(currently amended) The method of claim 3, wherein said structural automobile part is selected from the group consisting of window glass, door panel, hood, fender or combinations thereof.

Claim5(currently amended) The method of claim 1, wherein said shrink-wrapped structural automobile part of step (c) is placed in a container.

Claims 6 - 23(withdrawn).
